**My Staff and I** are committed to giving you good food at reasonable prices with good service. To that end, you should know that we slice all of our meats and vegetables on the premises daily so that freshness is assured.

We make every sandwich and salad to order - nothing is "pre-assembled". Our soups are made daily in our kitchen and our chili recipe is one that has been in the Bonzer family for years, winning first prize in Long Beach, California's very first chili cook-off. If we fail to meet up to your expectations, please feel free to let me know personally so that

I can make it right. We're glad you're here!

Sincerely ~ Jon Bonzer, Proprietor
